

519-DV-OR

LED beacon Beacon | LED | 3 bolt mounting | 12-24V | amber

This flashlight distinguishes itself among other things by its size, which also makes it extremely suitable as a powerful signalling device on rather larger trucks. The high quality plastic and the finish of this exceptionally beautifully designed model ensure a stately appearance.

36 LEDs, of which 12 upward facing

Specifications

Operating voltage	12-24V
Mounting	3 bolt mounting
Operation temperature	-30° C / +65°C
Ligth source	LED
Number of LEDs	24 + 12
Current draw 12V Amp	2.78 Amp
Current draw 24V Amp	1.39 Amp
Synchronisable	Yes
Connection	Open cable ends
Number of flash patterns	14
Diameter mm	182 mm
Height mm	108 mm
ECE R65 Class 1	Yes
EMC R10	Yes
IP-degree	IPX5
Supplied with	Manual, mounting screws
Packed per	1
Packing	POS packaging
