

CL-C-2500

LED scene-light | 12-24V | long | 2500 lumen

This ECE-R10 certified LED lighting fixture is made of diecast aluminum. The combination with intelligent electronics guarantees optimal heat dispersion resulting in a long life span. In addition, this device is designed to cope effortlessly with vibration and shock movements and has a very high IP67 degree of protection. No worries during connection thanks to the multi-voltage version rated from 10 to 28 volts. The fixing screws are made of stainless steel type 304. With a temperature range of -40°C to +50°C, this device can be used almost anywhere. The slightly curved shape and the optimized radiation angle are the ideal combination for efficient light distribution. The 30 LEDs offer you an output of 2500 lumens, so always have the clearest view on your working environment.

Ideal on the side or rear.

Specifications

Colour of LEDs	White
Operating voltage	12-24V
Mounting	Surface mount
Type	Rectangular-angled
Operation temperature	-40° C / +50°C
Ligth source	LED
Number of LEDs	30
Colour of lens	Clear
Connection	Open cable ends
Lumen	2500
Watt	30 Watt
Dimensions	311 x 47 x 55 mm
EMC R10	Yes
IP-degree	IP67
Supplied with	Mounting screws, gasket
Packed per	1
Packing	White box with label
