

# ROTATING BEACONS

AEB-VI6C-01

VISTA-VI6 | Spain | DGT 3.0

EAN: 5414184124523

## Specifications

|                                 |                                  |                          |  |
|---------------------------------|----------------------------------|--------------------------|--|
| Battery                         | Yes                              | Light source             | LED  |
| Battery type                    | Alkaline 9V 6LR61                | Luminous intensity       | 0° (horizontal): 40-700 cd effective, ±8° (inclination): 25-600 cd effective |
| Colour                          | Amber                            | Material                 | ABS  |
| Colour body                     | Yellow RAL1018                   | Mounting                 | Magnetic   |
| Colour of LEDs                  | Amber                            | Number of LEDs           | 6  |
| Colour of lens                  | Clear                            | Number of flash patterns | 1  |
| Connectivity                    | DGT 3.0 Platform                 | Operating voltage        | 9V   |
| Flits frequency                 | 0,8 - 2 Hz                       | Operation temperature    | -10°C / +50°C  |
| Geolocation reporting frequency | every 100 seconds                | Packing                  | POS packaging  |
| IDIADA certification number     | PC25100238                       | Run time                 | > 5 hours  |
| IP-degree                       | IP54                             | Wind resistance          | dynamic pressure up to 180 Pa  |
| Light beam                      | horizontal 360°, vertical +/- 8° |                          |  |
