Approved and to be attached to the approval certificate,

R. VERHELST

Updated Approval No:	E6*10R05/01*1046*00	BEVASYS :	201816199
Update No :	00	Issue date :	18.12.2018

E6

Communication concerning :

- Approval granted <sup>(1)</sup>
- ~~Approval extended~~ <sup>(1)</sup>
- ~~Approval refused~~ <sup>(1)</sup>
- ~~Approval withdrawn~~ <sup>(1)</sup>
- ~~Production definitively discontinued~~ <sup>(1)</sup>

of a type of electrical / electronic sub-assembly <sup>(1)</sup> with regard to Regulation No.10

Approval No : E6\*10R05/01\*1046\*00

Extension No : -

1. Make (trade name of manufacturer) : JULUEN, AXIXTECH, [REDACTED]
2. Type : M42-2, M42-2-V, M042-2, M042-2-V, ST6, ST6V
3. Means of identification of type, if marked on the vehicle/ component /separate technical unit <sup>(1)</sup> :
  - 3.1. Location of that marking : On the lamp
4. Category of vehicle : -
5. Manufacturer's name and address : **JULUEN ENTERPRISE CO., LTD.**  
**8F-1, No. 502, Da An Rd. Shulin Dist.,**  
**New Taipei City, 238 Taiwan**
6. In the case of components and separate technical units, location and method of affixing of the approval mark: **Label and engraved** on the lamp
7. Address(es) of assembly plant(s) : JULUEN ENTERPRISE CO., LTD.  
8F-1, No. 502, Da An Rd. Shulin Dist,  
New Taipei City, 238 Taiwan
8. **Additional information (where applicable) :** See appendix
9. **Technical Service responsible for carrying out the tests:** Vincotte N.V.  
Jan Olieslagerslaan 35  
1800 Vilvoorde  
Belgium
10. Date of test report: 18.12.2018
11. Number of test report: H1860667001/501

12. Remarks (if any) : See appendix
13. Place : Brussels
14. Date : 18.12.2018
15. Signature :

ON BEHALF OF THE SECRETARY-GENERAL:

R. VERHELST

16. The index to the information package lodged with the Approval Authority, which may be obtained on request is attached:
17. Reason(s) for extension : -

(1) *Strike out what does not apply. (there are cases where nothing needs to be deleted, when more than one entry is applicable)*

**Appendix to type approval communication form No E6\*10R05/01\*1046\*00.  
concerning the type approval of an electrical/electronic sub-assembly under Regulation No. 10**

- |        |                                                                                                                                                  |                                                                                                                              |
|--------|--------------------------------------------------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------|
| 1.     | Additional information :                                                                                                                         | See information document                                                                                                     |
| 1.1    | Electrical system rated voltage :                                                                                                                | DC 12V/24V pos. / neg. ground <sup>(1)</sup>                                                                                 |
| 1.2.   | This ESA can be used on any vehicle type with the following restrictions:                                                                        | See information document                                                                                                     |
| 1.2.1. | Installation conditions, if any:                                                                                                                 | See information document                                                                                                     |
| 1.3.   | This ESA can be used only on the following vehicle types:                                                                                        | See information document                                                                                                     |
| 1.3.1. | Installation conditions, if any:                                                                                                                 | See information document                                                                                                     |
| 1.4.   | The specific test method(s) used and the frequency ranges covered to determine immunity were: (Please specify precise method used from Annex 9): | See test report H1860667001/501                                                                                              |
| 1.5.   | Laboratory accredited to ISO 17025 and recognized by the Approval Authority responsible for carrying out the tests :                             | <b>Hsinchu EMC Laboratory</b><br>No.372-2, Sec. 4, Zhongxing Rd.,<br>Zhudong Township, Hsinchu<br>County 310, Taiwan, R.O.C. |
| 2.     | Remarks :                                                                                                                                        | -                                                                                                                            |
